Requisite: online placement exam

#### **6-week sessions**

Hours of Instruction per Week: 10

Total Hours of Instruction: 60

Courses transferable to ECTS

Courses transferable to U.S. System

Requisite: online placement exam

### **Description**

This 60 hour Community-based course combines coursework with a volunteering experience in an NGO, museum, library, or school. The professional experience will be academically directed, supervised by a UB faculty, and conducting a project. Students will work 6 hours/week with the guidance of a mentor. They will also meet the faculty once a week to discuss both the assignments and the reading materials. This combination will bring students a meaningful insight of the reality of the daily life of *porteños* culture, while also enabling an increased intercultural understanding, and fastening their Spanish acquisition (both course and practice are conducted in Spanish).
